|       | high | low | med |
|-------|------|-----|-----|
| doing | 3    | 2   | 1   |
| done  | 1    | 4   | 2   |
| todo  | 2    | 1   | 3   |

Sample pivot — status — priority with heatmap

## What you get with Pro.

● Drill-down

Click a cell to see and open the matching notes.

● Heatmap

Conditional formatting that makes outliers obvious.

● Percentages

Show values as % of total, % of row or % of column.

● Advanced aggregations

Average, min, max, median, distinct count.

● CSV + Excel export

Styled XLSX preserves header, heatmap and totals.

● Future Pro included

Multi-dim rows/cols and PNG export are next, free.
